WHAT THEY SEE IS
WHAT THEY'LL BE

Education Programs

OUR EDUCATION PROGRAMS

LIFE THROUGH MY OWN LENS

Serving high school and college students enrolled in a 12-week program that focuses on developing creative skills for video production and storytelling.

FUTURE 100

High school students are introduced to diverse workforce opportunities and offered college admittance guidance during this 12-week program.

STEAM (SCIENCE, TECHNOLOGY, ENGINEERING, ART & MATH) PROGRAMS

Participants from fourth to 12th grade receive a unique interactive, hands-on learning experience that allows them to deepen their knowledge in STEAM, increase their confidence and help them consider a career in the STEAM fields.

100 Black Men of Syracuse Inc. has its primary focus centered on weaving our mentoring services to the young men and women of the Central New York community through all our programs. With our education programs, we follow up on our commitment to the physical, intellectual and spiritual well being of our mentees. With the resources that support our education services, we can create an environment critical to the full development of our youth.

SIGN UP

Use the 100 Black Men of Syracuse online registration form at <https://bcombs.com/application/108> to sign up your youth for one of our education programs or call our office at (315) 443-8749 for a follow-up call.
