

100 and Counting FREE Lead Testing Event!

100 Black Men of Syracuse, Inc. in partnership with
the Onondaga County Lead Poisoning Prevention Program

Book Readings! Food Giveaways! Lead Safety Tips and Info!

Saturday, April 27, 2024 • 11am - 3pm

Syracuse Community Health | 930 South Salina Street, Syracuse

Families will receive **one \$25 gift certificate** for each child tested
and one raffle ticket for a **chance to win a \$300 grand prize!**

How will lead testing be done?

- Lead tests will be done using a finger stick test.
- A small blood sample will be collected for the test.
- Test results are known in just a few minutes!

Does your child need a lead test?

Children who may need a lead test include:

- Children ages 1 and 2
- Kids up to age 6 who have never been tested

**To see if your child needs a lead test,
call the Lead Program by April 20th
or scan the QR code below!**

Did you know...

**Lead can cause learning, growth,
and behavior problems.**

**A blood lead test is the only way to tell
how much lead is in a child's body!**
